## PROFESSIONAL SUMMARY

B.Tech student specializing in Artificial Intelligence and Machine Learning, with hands-on project experience in Python, Machine Learning, SQL, Data Analytics, and Power BI. Skilled in data preprocessing, exploratory data analysis, model development, and dashboard creation. Eager to apply technical and analytical skills to real-world problems through an internship or entry-level opportunity.

## EDUCATION

Ambalika Institute of Management and Technology — Lucknow, Uttar Pradesh

Bachelor of Technology in Computer Science & Engineering (AIML) — 2023–2027

Army Public School SP Marg — Lucknow, Uttar Pradesh

Intermediate — CBSE — 2022–23

High School — CBSE — 2020–21

## TECHNICAL SKILLS

**Programming:** C, Python, SQL

**Data Analytics:** Pandas, NumPy, Data Cleaning, EDA

**Machine Learning:** Regression, Classification, Decision Trees, K-Means

**NLP:** Text Preprocessing, TF-IDF, Tokenization, Stemming

**Data Visualization:** Power BI, Matplotlib

**Tools:** GitHub, VS Code, Jupyter Notebook, canva, MS Excel

**Cloud:** Google Cloud Platform , BigQuery — Basic

## PROJECTS

### 1 :Spam Message Classification | Python & Machine Learning

- Built a Spam/Ham message classifier using Python and Scikit-learn.
- Applied text preprocessing, TF-IDF and Logistic Regression for classification.

### 2 : Personal Portfolio Website

- Developing a responsive portfolio website to showcase technical skills, projects, education, and achievements.
- Created a modern user interface with smooth navigation and dedicated project, resume, and contact sections.

### 3 : Global Superstore Analytics Dashboard | Power BI

- Built an interactive dashboard analyzing sales, revenue, profit, customers and products.
- Created KPI cards, trend charts, maps, filters and product/segment analysis.

### 4 : Tesla Stock Sales Analysis | Power BI

- Built a dashboard for Tesla model, pricing and state-wise sales analysis.
- Used KPIs and interactive charts for data insights.

### 5 : Machine Learning Model Practice | Python & Scikit-learn

- Built models for hiring prediction, salary prediction and candidate clustering.
- Implemented Decision Tree, Logistic Regression, Linear Regression and K-Means.

## CERTIFICATIONS & TRAINING

- **NCC ‘B’ and ‘C’ Certificate**s — National Cadet Corps
- Among top 10 students in AIML batch
- **Full-Stack Web Development Workshop** — Softpro, 3-Day Training Workshop: “Design to Deploy – A Full-Stack Web Journey”
- **Data Analytics Summer Training** — Techpile Technology Pvt. Ltd., 45 Days

## HACKATHONS & ACHIEVEMENTS

- Participated in **Hackathon 4.0**, SRMS, Bareilly — 36-Hour Hackathon.
- Participated in Ambalika **Ideathon**.
- Participated in **CodeBlitzz** OSEN.
- Participated in college-level Poster Making Competition and Technical Quiz.
